

**Sarfistanbul**

**Packaging Solutions**

**[www.sarfistanbul.com](http://www.sarfistanbul.com)**

**“Designed and special paper products”**

We offer our customers the highest quality, hygiene, ease of use and innovation

The biggest reason for choosing cardboard food containers is that cardboard is the most environmentally friendly material in terms of being a renewable resource and recyclable

The cartons we use are obtained from periodically planted forests and are far ahead in terms of recycling and natural solubility according to materials obtained from limited sources such as Plastics and Aluminum.
